

Welcome to ICAM Institute of Engineering

ICAM Institute of Engineering is pleased to be your host for the coming months, and we will do our best to make your stay as pleasant and profitable as possible. In order to facilitate your arrival and first steps at Icam, please find herewith some information concerning important services and administrations, details about the procedure foreign students need to fulfil, as well as the names of the local referral agents qualified to assist you.

A French student here at ICAM has agreed to help you during your stay. If this booklet does not answer all of your questions or if you are experiencing comprehension difficulties, he or she will be pleased to assist you

Please do not hesitate to contact me if you wish to make a suggestion or require further information !

Best regards
Didier Verschelde

Getting started in Lille

Accommodation

Students can stay at the MI, which is the ICAM hall of residence. A room will be booked for you as soon as we receive the duly filled in "Socrates-Erasmus-Accommodation application form" as well as an advance booking fee of 153€. The monthly rent of 240€, including the room and breakfast is to be paid before the fifth of the month. The MI is open from August, 28th 2006 to June, 30th 2007. The nine square meter rooms are furnished with bed, cupboard, desk and sink, as well as telephone and internet sockets. All the bedding will be lent to you by the residence. Access to the internet requires a 50€ per month payment. Viannez Lejeune (viannez.lejeune@icam.fr – 06 26 95 44 54), who is in charge of the MI's network will give you the information you need to setup your connection. Leisure rooms are at your disposal at the MI, giving you access to a common kitchen, comics and board games, as well as a billiard table, table football, pinball machine, a bodybuilding room, a piano, etc)

In order for us to get everything prepared to welcome you, it is important to let Annie Bogaert know the day and approximate hour of your arrival. Annie Bogaert is in charge of receiving students during daytime. She will give you the keys to your room, your bedding, etc. In the evening and during week-ends, Denise Beuns will be taking the service over. In any case, members of the BDR will assist and explain to you the rules of the residence.

The Director of the MI, Annie Bogaert, is your qualified intermediary with the "Caisse d'Allocation Familiale (CAF)", which is the institution that will pay the housing benefit (APL) you're eligible for.

Phone calls and Internet access

A telephone box is at your disposal in the hall of the residence. Moreover, access to the Internet is possible from every room for 50€ a year fee. Get in touch with Viannez Lejeune for your login information. However, the terms of use of the local network restrict connections to evenings, from 6:00pm to 8:00am. During daytime, please use the self-service computers at the library. Should you use a wireless device, contact Yves Goudaliez (yves.goudaliez@groupe-icam.fr) who will tell you how to use the base station located in the "Rue Intérieure".

Opening a Bank Account in France

ICAM is in close partnership with several following bank subsidiaries, among which are "La Poste" and the "Société Générale". It might be interesting to know if your current bank is in partnership with another one in France, which could help you save money from charges deducted from transfer payment and such. Feel free to ask your ICAM3 sponsor for help or answers.

Learning agreement

Depending on the demands of your university and in agreement with the Director of Studies of ICAM, you are required to draw up your Learning Agreement. Hélène Skrobala will give you the schedules in order to assist you in your choices.

Carte d'étudiant = Student ID

Bring an identity photo to Hélène Skrobala to have your Student ID made.

Social protection

Foreign students are required to subscribe to a health and personal insurance coverage in due form. However this does not apply to Erasmus students. Non-Erasmus students are required to contact H  l  ne Skrobala.

Other administrative procedures

Erasmus students are free of any residence permit requirements. As for non-Erasmus students, H  l  ne Skrobala will guide them through the French administrative jungle. Make sure to contact H  l  ne as soon as possible so that she gives you the student registration certificates needed when applying for the APL, opening your new bank account etc.

Overseas student advisor

Didier Verschelde, whose office is located on the first floor of the *Saint-Eloi* building, is the overseas student advisor. Feel free to get in touch with him whenever needed.

Leisure in Lille

Looking for leisure activities to spice up your stay in Lille? Then use free guides like "Sortir" and "Le Chti" (<http://www.lechti.com/>) as your reference documents!
